• PROFILE

Highly efficient and accomplished Senior Frontend Engineer and mentor adept in collaborating with backend and design teams. Aspires to create user-friendly, inclusive experiences for all. Adept in technical writing. Experienced with React, Node.js and TypeScript.

• EMPLOYMENT HISTORY

Senior Frontend Team Leader at Bookmate, Dublin

June 2019 — Present

Started at Bookmate as a Junior engineer and climbed the ranks with enthusiasm and dedication to self-development as well as product growth.

- Build web-app with **React**, **Redux**, **Node.js** and **TypeScript**;
- Build sub-products (media blogs) with **JavaScript**, **SCSS**, **Go**;
- Collaborate and **discuss architecture design** with **backend** team, to improve the **REST APIs** employed. Knowledgeable about **MySQL** and **PostgreSQL** databases;
- Created and completed **technical documentation** for all the Bookmate's web projects.
- As team leader, constantly engage with operations managers and CEO, designers and other engineers to improve our product;
- **Mentor a team** of junior and middle frontend developers. Handpicked by self at JavaScript conferences and events.
- Deliver presentations on the developers' team current tasks and accomplishments.

Some stats:

- Boosted Bookmate Zurnal (website) **performance** by **82%** (better UX, faster page load, less API strain);
- Improved bookmate.com **loading time** by **53%**. Lessened API strain, improved SEO;
- Introduced WCAG principles (**accessibility** for all);

• EDUCATION

Bachelor, Higher School of Economics, Moscow

October 2023 — 2019

Graduated with Honors, a double degree program: EU and Russian degrees.
