

Daria Diachkova

Senior Frontend Engineer

Profile

4+ years of experience. Highly efficient and accomplished **Senior Frontend Engineer** and mentor adept in collaborating with backend and design teams. Aspires to create user-friendly, inclusive experiences for all. Skillful at technical writing. Experienced with **React**, **Node.js** and **TypeScript**.

Employment History

Senior Frontend Team Leader at Bookmate, Dublin

June 2019 — Present

I started at Bookmate as a Junior engineer, and my goals aspired me grow professionally into the Senior Team Leader I am today. On a daily basis I:

- Build web-apps with **React**, **Redux**, **Node.js** and **TypeScript**;
- Build sub-products (media blogs) with **JavaScript**, **SCSS**, **Go**;
- Collaborate and **discuss architecture design** with **backend** team, to improve the **REST APIs** employed. I have knowledge of **MySQL** and **PostgreSQL** databases;
- Write **technical documentation** for Bookmate's web projects.
- As team leader, engage with managers and CEO, designers and other engineers to improve our product;
- **Mentor a team** of junior and middle frontend developers. Handpicked by self at JavaScript conferences and events.

Some stats:

- Boosted Bookmate Zurnal (website) **performance** by **82%** (better UX, faster page load, less API strain);
- Improved bookmate.com **loading time** by **53%**. Lessened API strain, improved SEO;
- Introduced WCAG principles (**accessibility** for all);

Education

Bachelor, Higher School of Economics, Moscow

2015 — 2019

Graduated with Honors
